

Nina's Easy Peasy Chocolate Brownies

Ingredients *

275g very soft butter
375g caster sugar
4 eggs
75g cocoa powder
100g self-raising flour
100g white chocolate buttons

Preheat oven to 180C/160C Fan

Grease a baking tin, approx. 30 x 23cm

Mix all the ingredients together in a large mixing bowl using a whisk or a wooden spoon.

When smooth spoon the mixture into the prepared baking tin and flatten with a spatula or back of a spoon. Don't worry about the chocolate buttons not mixing smooth as they will go nice and melty during cooking.

Bake in the oven for 40 - 45mins. The brownies are cooked when the top has a nice crust and a knife put into the middle comes out clean.

Leave the brownies to cool in the tin and then cut into squares.
